

● AFFILIATE & ENVOY PROGRAM

The program guide.

Every rule, in one place.

What the program is, who can join, how commission is calculated and paid, what Envoys get, and the standards everyone who shares ShariaQuant agrees to.

Affiliate Anyone **10%**

Associate Envoy 500 – 5,000 followers **20%**

Envoy 5,000+ followers **35%**

Courses pay on the first payment. The AI plans pay every month. Already a member? 20% on everything.

01 What this is, in plain words

You already tell people what you use. This program pays you when one of them joins ShariaQuant because of you.

You get a personal link. When someone buys through it, you earn a share of what they pay. Whop, the platform that runs our checkout, tracks it and pays you automatically. Nothing is taken from the customer, and the price they pay doesn't change.

There are three tiers, set by the size of the audience you have built. The top two tiers are our **Envoys**: ShariaQuant's brand ambassadors. Envoys are ranked on shariaquant.com/envoys by the points they earn for sharing ShariaQuant, and get a discount code for their audience and a discount on ShariaQuant for themselves.

It is not a job. There is no sales quota and no cost to join. Affiliates never have to post anything. Envoys keep their place on the board by posting about ShariaQuant at least twice a month, in their own words. Everyone is paid when what they share brings someone in.

Who it's for

- Anyone who wants to share ShariaQuant with friends, family or their network: join as an Affiliate.
- Creators and community leaders with 500 followers or more, or an active community they run, such as a WhatsApp group or a study circle: apply as an Envoy.
- You don't have to be a paying member, though we expect you to have used what you recommend.
- Companies and education platforms don't join here. They partner with us by agreement. See section 09.

02 The three tiers

Tier	Commission	Audience	How to join
Affiliate	10%	Anyone. No minimum.	Instant, on Whop
Associate Envoy	20%	500 – 5,000 followers	Envoy application
Envoy	35%	5,000+ followers	Envoy application

Associate Envoys and Envoys are ShariaQuant's brand ambassadors. They are listed and ranked on shariaquant.com/envoys.

Already a ShariaQuant member? Members earn **20% of every payment** their referrals make, on every product, without applying for anything. Envoy rates are set out in section 05.

03 Joining

- 3.1 **Everyone starts on Whop.** Register at whop.com/shariaquant/affiliates. Your account is created straight away at the 10% Affiliate rate.
- 3.2 **Get your ShariaQuant link.** Sign in at shariaquant.com, open **Dashboard** → **Affiliate** and add your Whop username. You get one short link to share everywhere: shariaquant.com/go/yourusername, built from your ShariaQuant username.
- 3.3 **Apply to become an Envoy** from the same page if you have 500 or more followers. The application asks for your main profile and follower count, your other channels, and the email and username on your Whop account. Register on Whop first: we use your Whop email to set your Envoy rate.
- 3.4 **Every application is reviewed by hand.** We look at the audience and the content, not only the numbers. Our decision, and our reason if we decline, appears in your dashboard. You can apply again if things change.
- 3.5 **Your link doesn't change.** When you are approved, we raise the rate on your existing Whop account. Customers you referred before approval are paid at the rate that applied when they bought.

04 How followers are counted

- 4.1 **Your largest single platform counts.** That can be X, YouTube, Instagram, TikTok, Facebook, Telegram, or a community you run, such as a WhatsApp group or a study circle. Platforms are not added together.
- 4.2 **The audience must be real and active.** Bought followers, inactive accounts and engagement groups don't count.
- 4.3 **Moving up.** When you pass 500 or 5,000 followers, email us with your Whop username and a link to the account. We check it and update your rate. We may review tiers from time to time.

05 Commission

- 5.1 **Courses pay once.** For Foundations and Premium All-Access, an Envoy earns on the customer's **first payment**. Later payments and upgrades are not commissioned, which is why a lifetime or yearly sale is worth the most.
- 5.1b **The AI plans pay every month.** For AI Plus and AI Pro, an Envoy earns on **every payment**, for as long as that member stays subscribed: 20% for an Associate Envoy, 25% for an Envoy. These are small monthly amounts, so paying once would be worth almost nothing.
- 5.1c **Affiliates and members earn on every payment**, on every product: 10% for an Affiliate, 20% if you are already a ShariaQuant member.
- 5.2 **Calculated on what the customer actually pays** for that first payment, after any discount code, and at the price for the region they buy from.
- 5.3 **What's covered.** ShariaQuant's AI research plans and our courses. Mastermind Mentorship and 1:1 sessions are excluded.

- 5.4 When a sale counts.** The customer arrives through your link and buys within 30 days. Your shariaquant.com/go link, any ShariaQuant page with **?a=yourwhopusername** added to the end, and your Whop link all count. Whop records the purchase against your account, and Whop's record is final.
- 5.4b Share the link, not only a code.** Commission follows the link. A discount code is a saving for your audience; on its own it does not tell Whop who sent them.
- 5.5 30-day hold.** Whop holds each commission for 30 days after the purchase, which covers the refund window. Refunded or charged-back purchases earn nothing.
- 5.6 Payouts.** Whop pays your commission automatically to your Whop account, under Whop's own payout terms.
- 5.7 Tracking.** Your Whop dashboard shows your referrals, pending commission and payouts. ShariaQuant does not publish anyone's numbers.

Why no price examples? ShariaQuant prices are set by region, so the same plan costs a different amount depending on where the customer buys from. Your commission is always your rate multiplied by what that customer actually paid.

06 What Envoys get

Associate Envoy · 20%

- 20% of the first payment on any course
- 20% of every payment on the AI plans
- Your name, points and channel links on the Envoys board
- Priority support, and a move to 35% when you pass 5,000 followers

Envoy · 35%

- 35% of the first payment on any course
- 25% of every payment on the AI plans
- Your name, points and channel links on the Envoys board
- A personal 10% discount code, co-marketing and shout-outs

Your own discount

Envoys learn here too, so once you are accepted you buy at a discount for your own use:

When	What you get
On acceptance	30% off any ShariaQuant course or plan, for yourself
After 10 paying customers	50% off, and AI Pro free for as long as you stay active

Staying active means staying on the Envoys board: at least two approved posts a month (section 07). Your discount is applied by us, by hand, to your own account. It covers the same products as commission (5.3): Mastermind Mentorship and 1:1 sessions are excluded, because they are live hours rather than a course.

Top 3 each month. The three Envoys with the most points at the end of each month get a shout-out from ShariaQuant's accounts, and content we make together.

Audience discount codes cover the same products as commission. Whop accepts one code per checkout, so an Envoy code can't be combined with another code.

07 The Envoys board and points

Your place on shariaquant.com/envoys is set by points. You earn them by completing quests in **Dashboard** → **Affiliate**, and our team approves every one.

Quest	Points
Add a photo or avatar to your ShariaQuant profile	5, once
Follow ShariaQuant on each of our social accounts	5 each, once
Join the ShariaQuant WhatsApp community	10, once
Post that you've become an Envoy	20, once
A post, tweet or carousel about ShariaQuant	10 each
A video: a Reel, Short, TikTok or YouTube video	20 each
Monthly quests set by our team	As shown on the quest
A post in every week, four weeks running	30 bonus

Your dashboard always shows the current quests and what each is worth.

- 7.1 Points count for 90 days.** After that they fall away, so the board shows who is active now, not who joined first.
- 7.2 Two posts a week count.** Posts and videos beyond two in the same week, Monday to Sunday, earn nothing extra. Posting twice a week is the fastest way up.
- 7.3 What makes a post count.** It is about ShariaQuant, in your own words. Your link is in the post or in your bio. The commission is disclosed (8.1). You send it from your dashboard soon after posting, because the day you send it is the day it counts. Each post counts once, whoever sends it.
- 7.4 Posts stay up for 30 days.** We check posts again, and a post taken down before then loses its points. Stories don't count, because they disappear after a day.
- 7.5 Staying on the board.** From November 2026, you need at least two approved posts in a calendar month to stay on the board through the next one. If you miss it, your entry is hidden until your next approved post. Envoys who joined this month or last month aren't checked yet. Your commission rate doesn't change either way.
- 7.6 Sales never count toward points.** The customers you bring are rewarded with commission (section 05), not ranking, and nobody's sales figures are published.
- 7.7 Our decisions.** We may decline a submission or adjust points, for example for an undisclosed commission, and the reason appears in your dashboard. Review decisions are ours and are final.

- 7.8 What we show.** Your name, the photo or avatar on your ShariaQuant profile, your points, your posts this month, your tier, your country and your channel links. No biography. You can ask us to change or remove your entry at any time.

08 The standards

These apply to everyone in the program, at every tier. They exist for a reason: most of what Muslims read online about whether a trade is halal is written by people earning a commission on the answer, without saying so. We won't be one of them.

- 8.1 Disclose every link.** Say clearly that you earn a commission, on every post, video, story and message that carries your link.
- 8.2 Share the research, not a ruling.** Link to the ShariaQuant report. A ShariaQuant verdict is research against a published methodology, not a fatwa. Never present it as a ruling, or as your own scholarly opinion.
- 8.3 No promised returns.** No profit claims, no screenshots of gains, no signals, no guarantees. We teach; we don't promise.
- 8.4 Represent us accurately.** Only describe products, prices and discounts as they appear on our site. Don't imply you are ShariaQuant staff or speak on our behalf.
- 8.5 Use our brand as provided.** Use the logos and materials we give you, without altering them.

Not allowed

- Spam, or unsolicited bulk messages and comments
- Fake reviews or testimonials
- Posting links or codes on coupon and deal sites
- Bidding on "ShariaQuant" or close variations in paid search
- Accounts, pages or domains that look like ShariaQuant's own
- Self-referrals: your own purchases, or your household's, don't count toward commission
- Bought views, likes or followers, or posts from accounts that aren't yours, to earn points

09 Companies and organisations

Companies, education platforms and organisations partner with ShariaQuant by agreement, in writing. Start at shariaquant.com/partners. An organisation that signs up through the affiliate link joins as a standard Affiliate and is not listed as a partner.

10 Breaches and leaving

- 10.1 If a standard is broken,** we may take back points, lower your tier, remove you from the Envoys page, or close your place in the program. Commission from activity that broke these rules is not paid.
- 10.2 Serious or repeated breaches** mean removal from the program and forfeiture of any unpaid commission.

10.3 You can leave at any time. Commission you have already earned is paid as normal once its 30-day hold ends.

11 Changes to this guide

We may update this guide. We will email at least 14 days' notice of any change to rates or payment terms. Customers who bought before a change are paid under the terms that applied when they bought. Whop's own terms also apply to your Whop account and payouts.

Questions

Email info@shariaquant.com. Read more at shariaquant.com/affiliates, and apply from **Dashboard** → **Affiliate** once you're signed in.
